# RKB Documents for Review

- Created new Energy RKB Submission template
  - Existing PowerPoint template and water standing committee template
- Added check boxes for Standing Committee coordination
- Reviewed three new RKB documents
- Five RKB documents to be submitted to the Coordinating Committee

**Document Tags:**

**Energy Sector:**

Electric  
 Liquid Fuels  
 Natural Gas  
 Renewables  
 Other

**Hazard Type:**

Earthquake  
 Tsunami  
 Hurricane  
 Tornado  
 Flooding  
 Fire  
 Aging  
 Space based hazards/Disturbances  
 Drought  
 Environmental Release/Accident  
 Terrorism  
 Other

**Resiliency Focus:**

Cyber  
 Social  
 Financial  
 Physical  
 Environmental  
 Other

**Resiliency Plan:**

Preparedness and Training  
 Mitigation and Adaptation Strategy  
 Emergency Response  
 Risk Assessment and Management  
 Other

**Document Category:**

Best Practices  
 Standards and Guidelines  
 Reports, Articles and Case Studies  
 Presentations and Websites  
 Tools, Models, and Methodologies

 International  
 Other

**NIST Energy Subcommittee Resilience Knowledgebase Document Review Form**

**Submitter's Name:**

**Document Title:**

**Brief Executive Summary:**

Applicable NIST Guideline Steps:  1  2  3  4  5  6

**Recommendations:**

Initial Reject (provide additional justification)  
 Conditional Acceptance (clarification required)  
 Acceptance (forward to Committee for inclusion)

**Evaluation Criteria**

- Standard or industry accepted document
- Readily available in the public domain
- Company document
- Sponsored by a credible entity
- Timeliness
- Scalable to the local level

**COMMITTEE COORDINATION**

Buildings & Facilities  
 Communications  
 Data Metrics & Tools  
 Water & Waste Water  
 Social & Economic  
 Transportation

# Future Actions

- Discussed ways to engage the full membership (32) of the Energy Standing Committee
- Discussed identifying SME requirements: Liquid Fuels. Natural gas, Electricity, and Distributed Energy Resources (DER)
- ***The committee has two conference calls each month (full committee and Leadership Team)***
  - ***Other standing committee members are welcome to join***
- Discussed identifying gaps and need for a submittal template
- Discussed role of the Energy Standing Committee relative to identified gaps:
  - Submittal to Coordinating Committee
  - Developing Standard proposals for STD's Org.
  - Committee developed documents (such as a Guide, White Paper, etc.)
